A PPO that provides value along with your smile
When it comes to Delta Dental, you receive more than just exceptional dental benefits — you also get great value. But not all groups value the same thing. That’s why Delta Dental PPO gives you the power to decide what’s most important in a benefits package.

What separates Delta Dental from other carriers?
Access — both to significant discounts from Delta Dental PPO dentists and a safety net of savings from Delta Dental Premier® dentists. Our two networks give you and your enrollees more opportunities to save, plus all Delta Dental dentists offer cost protections such as no unbundling and no balance billing above their contracted fee.

Plan design	PPO	PPO Plus Premier
Employer plan cost (rates) ¹	\$\$	\$\$\$
More savings for employers	✓	
More savings opportunities for employees		✓
PPO claims based on PPO fees	✓	✓
Non-PPO claims based on PPO fees	✓	
Non-PPO claims based on Premier contracted fees		✓
Good balance billing protection (for non-PPO dentist visits)	✓	
Best balance billing protection (for non-PPO dentist visits)		✓
Freedom to visit any dentist both in or out of network	✓	✓

With two networks, you can tailor your benefits with different levels of cost protection: PPO or PPO Plus Premier. Either option offers savings and access to both great networks. The only difference is the fee basis for the claim when enrollees visit a non-PPO dentist.

¹ While costs for PPO plans are usually lower than PPO Plus Premier, additional variables may influence the overall plan cost.

Leverage the power of our two networks to design a plan that works for you.

No matter the plan design, enrollees have superior network choices. PPO dentists provide the maximum savings; Premier dentists offer moderate savings for visits outside the PPO network. You choose how you distribute the savings.
