

Maintaining Your Delta Dental Plan

In order to maintain this dental plan, there must be a minimum of five employees separately listed on the invoice every month. If a group falls under this minimum and stays below the minimum for three billing cycles, the account may be cancelled.

If this is a dual choice group, there must be a minimum of five people on each plan to keep the dual option (unless your contract says otherwise).

Please contact CoPower at **888.920.2322**
if you have an additional questions.
