Top quality coverage from recognized ancillary carriers

In CoPower ONE, your clients get first-in-class coverage from carriers they trust: Delta Dental, VSP, and Unum, plus a two-year rate guarantee.

Effortless administration

When signing up for CoPower ONE, your clients only need to fill out ONE application, have ONE point of contact, and get only ONE bill every month. It is easy to administer and simple to use.

Custom-tailored sets of benefits, networks, and pricing

Your clients just choose the option that works best for them: Good, Better, Better Plus, Best, or Voluntary. The 'Good' package is the most economical plan and scales up to the 'Best' plan, which features the most increased benefits.

All packages have three tier rating, industry loads (some exempt industries), and multiple rating regions. Employees must enroll in all lines of coverage for the bundle chosen.

Optional Benefits

- **Dual Choice.** Clients may offer CoPower ONE as dual choice within the same bundle. See page 8 for further details
- **Enhanced Life.** Clients may substitute the standard group term life policy in Good, Better, Better Plus, and Best packages with a \$50,000, \$100,000, or \$150,000 policy for an additional charge
- **LTD.** A simple, checkbox addition of LTD to your ancillary packages
- **Chiropractic and Acupuncture.** A simple checkbox addition of these services through Landmark Healthplans

CoPower **ONE** Dental

Dental benefits to fit your needs, your schedule and your budget

Protect your greatest investment — your workforce — while balancing your budget. Delta Dental delivers plans at affordable rates, eliminates complicated plan management and covers more than the bare minimum with rich plan designs and optional features.

Rates to Rave About

Delta Dental works hard to keep rates stable year after year — and rates don't include hidden fees or set-up charges, so you know what to expect from enrollment to claims processing. And Delta Dental specializes in dental benefits, so your rate reflects the actual cost of your plan -- no cost shifting to other lines of coverage like medical.

Financially Flexible

Pick a plan from a varied portfolio with flexible contribution and coverage choices, plus optional plan features to attract and retain top talent. With options like voluntary plans, network participation, orthodontics and more, you can feel like you've designed your plan from scratch to fit both your employees' needs and your financial goals.

Sweet Simplicity

Make plan management a breeze with dedicated account service from CoPower, and exceptional employee customer service with Delta Dental. Plus, with industry leading¹ dentist networks, Delta Dental makes it easy for your employees to find network savings.

Great Reasons to Choose CoPower **ONE**

DELTA DENTAL PPO

- Outstanding provider access in California: Three out of five dentists are in the PPO network and four out of five are in the Delta Dental Premier[®] network²
- Stable network with 98%³ dentist retention minimizes disruption in service
- Unlike some dental carriers, Delta Dental PPO covers dental implants under their Major Services

DELTACARE USA

- Out-of-pocket costs are clearly defined
- Large, stable network of dentists
- No deductibles, annual or lifetime dollar maximums

Did You Know?

DeltaCare[®] USA offers a unique treatment-in-progress provision that allows patients to continue active treatment with their orthodontist — even if they are not in the DeltaCare[®] USA network.

CoPower **ONE** Vision

VSP Choice is the portfolio of choice in CoPower **ONE**

VSP's vision plans are good for your clients' eyes as well as their wallets! There's no need to cut coupons or wait for retail chain sales—the savings and benefits are already built into VSP plans.

Great Reasons to Choose CoPower **ONE**

Participating Retail Chains

Gives employees the added convenience and access to over 12,000 nationwide retail locations such as Costco Optical. Members can enjoy a covered-in-full benefit experience at any of the participating retail chain locations. Eye exams are covered in full, lens options get special pricing at Costco and a 20% discount at other affiliate locations, frames are covered up to an \$80 allowance at Costco and \$150 at other affiliates, and elective contact lenses are covered up to the plan allowance at all affiliate locations.

EXCLUSIVE VSP MEMBER EXTRAS

- TruHearing®:
Save up to 60% on Digital Hearing Aids
- Laser Vision Correction:
Average 15-20% off the regular price or 5% off the promotional price. Visit vsp.com for savings on LASIK from NVISION® and TLC Laser Eye Centers.¹
- Contact Lens Offers:
Additional savings available with exclusive mail-in rebates on brands like Bausch + Lomb and CooperVision
- Glasses and Sunglasses:
An extra \$20 to spend on brands such as Nike, Calvin Klein, & Sean John

Personalized Care

Establishing a relationship with an eye doctor is important—members receive personalized care from a doctor they trust. Since all VSP doctors are private-practice doctors and they stay in their practices year after year, members don't have to worry about seeing an unfamiliar doctor.

Diverse Selection and Services

Members can experience the private-practice difference with a VSP doctor. Products and services from a retail chain are also available from a VSP doctor's office, such as a diverse selection of eyewear, including designer brands and convenient weekend and evening appointments.

Diabetic Eyecare Program

This program provides coverage of additional eyecare services specifically for members with type 1 & 2 diabetes including: medical follow-up exams, specialized screenings and tests, medically necessary retinal imaging, and diabetic retinopathy. Members never need a referral and pay only a copay for services.

Everyone Needs an Annual Eye Exam

Annual eye exams are important to one's overall health. During a WellVision Exam®, a VSP doctor can see differences in their patient's vision and overall eye health. VSP providers detect signs of certain chronic conditions before any other healthcare provider:

- 65% of the time for high cholesterol
- 30% of the time for hypertension
- 20% of the time for diabetes

The VSP Eye Health Management Program

For every initial \$1 invested in VSP exam services, clients can expect an average two year total return of \$1.27 through avoided medical costs and improved human capital performance.²

¹ Discounts only available from contracted facilities.

CoPower **ONE** Life

Unum Group Term Life offers peace of mind and helps protect families

Unum group term life coverage through CoPower *ONE* enables employers to support their employees through life's ups and downs. Our wide array of tools and resources brings additional value to your benefit package. It's simply one more way employers can show their employees how much they care.

Accidental Death and Dismemberment (AD&D)

100% benefit not only for loss of life, but also in the unfortunate case of dismemberment, loss of sight/speech/hearing, and quadriplegia. Additional benefits will be paid in the event of a fatal accident or an accident that results in the loss of eyesight, speech, hearing, or a limb. Benefits also include coverage for education, repatriation, exposure/disappearance, and seatbelt/airbag benefits.

Waiver of Premium

The premium is waived for an employee's life coverage if the employee is under age 60 and disabled for 9 months.

Work-Life Balance Employee Assistance Program (EAP)

Childcare/eldercare referrals and financial planning assistance. Members have access to master-level consultants who can help with all of life's challenges, including work and personal issues by phone, web, or through face-to-face sessions.

Life Planning Financial and Legal Resources

Impartial advice and customized service. Financial and legal resources, as well as emotional counseling and support, are available at no charge to the spouse and beneficiaries if the covered employee is terminally ill or dies.

Worldwide Emergency Travel Assistance

Emergency medical evacuation and medically supervised transportation home. Whether traveling for business or pleasure, covered members can get help in the event of a medical emergency to assist with prescription replacement—with just one phone call.

Accelerated Death Benefit

Pays 100% of the insured employee's or dependent's life benefit in the event the insured employee or dependent becomes terminally ill, and the employee's or dependent's life expectancy has been reduced to less than 12 months. The employee's or dependent's death benefit will be reduced by the Accelerated Life Benefit paid.

Great Reasons to Choose CoPower *ONE*

- Members are not required to undergo a physical exam
- This benefit is even portable or convertible—employees can keep their coverage if they leave their employer

GROUP VOLUNTARY LIFE

- Voluntary life coverage providing additional protection. Employers have the option to allow employees to purchase higher coverage for themselves and / or their families
- Minimum of 2 lives are required to setup the plan
- The Guaranteed Issue limits are scaled based on group size
- Simple buy-up option

VOLUNTARY DENTAL

Voluntary dental program also includes Dental Accident coverage at 100% with \$1,000 lifetime maximum. Covers conditions caused directly and independent of all other causes, by external, violent and accidental means occurring after the enrollee's eligibility date. Services must be provided to an enrollee within 180 days following the date of accident. Accidental benefits are subject to all plan limitations, exclusions, deductibles and annual maximums. Ancillary Benefits remain a valuable offering to attract and retain employees. CoPower ONE Voluntary offers these benefits without impacting a company's benefits budgets. With this dental and vision package, employers can still offer benefits that fully meet the needs of your employees.

Delta Dental PPO Limitations and Exclusions

Limitations

1. Delta Dental pays for two oral exams, including office visits for observation and specialist consultations, or combination of these services each calendar year while you are enrolled under any Delta Dental plan.*
2. Full-mouth x-rays and panoramic x-rays when taken individually, are a benefit once in a five year period while you are enrolled under any Delta Dental plan.
3. Bitewing x-rays are provided on request by the dentist, but no more than twice in a calendar year for children to age 18 or once in a calendar year for adults age 18 and over, while you enrolled under any Delta Dental plan.
4. Diagnostic casts are a benefit only when made in connection with subsequent orthodontic treatment covered under this plan.
5. Delta Dental pays for two cleanings or a dental procedure that includes a cleaning each calendar year under any Delta Dental plan.*
Routine cleanings are covered as a Diagnostic and Preventive benefit and periodontal cleanings are covered as a periodontal benefit.
6. Periodontal scaling and root planing are limited to one for each quadrant each 24-month period.*
7. Fluoride treatments are a benefit twice each calendar year under any Delta Dental plan.
8. Sealant benefits include the application of sealants only to permanent first molars through age eight and second molars through age 15 if they are without caries (decay) or restorations on the occlusal surface. Sealant benefits do not include the repair or replacement of a sealant on any tooth within two years of its application.
9. Direct composite (resin) restorations are benefits on anterior teeth and the facial surface of bicuspids. Any other posterior direct composite (resin) restorations are optional services and Delta Dental's payment is limited to the cost of the equivalent amalgam restorations.
10. Crowns, Inlays, Onlays and Cast Restorations are benefits on the same tooth only once every five years, while you are enrolled under any Delta Dental plan, unless Delta Dental determines that replacement is required because the restoration is unsatisfactory as a result of poor quality of care, or because the tooth involved has experienced extensive loss or changes to tooth structure or supporting tissues since the replacement of the restoration.
11. Prosthodontic appliances and implants received under any Delta Dental plan will be replaced only after five years have passed, unless Delta Dental determines that there has been such an extensive loss of remaining teeth or change in supporting tissues that the existing fixed bridge, partial or complete denture cannot be made satisfactory.
Delta Dental will replace an implant, a prosthodontic appliance or an implant supported prosthesis you received under another dental plan if we determine it is unsatisfactory and cannot be made satisfactory.
Delta Dental will pay for the removal of an implant once for each tooth during the enrollee's lifetime.
12. Delta Dental will pay its percentage of the dentist's fee for a standard cast chrome or acrylic partial or complete denture. A standard partial or complete denture is one made from accepted materials and by conventional methods and one that is a removable prosthetic appliance provided to replace missing natural permanent teeth.
13. If you select a more expensive plan of treatment than is customarily provided, or specialized techniques, an allowance will be made for the least expensive, professionally acceptable, alternative treatment plan. Delta Dental will pay the applicable percentage of the lesser fee for the customary or standard treatment and you are responsible for the remainder of the dentist's fee.
For example: a crown where an amalgam filling would restore the tooth; or a precision denture where a standard denture would suffice.
14. Orthodontic services, if covered:
 - a) The obligation of Delta Dental to make payments for an Orthodontic treatment plan begun prior to the Eligibility Date of the enrollee shall commence with the first payment due following the enrollee's Eligibility Date. The maximum amount payable will apply fully to this and subsequent payments.
 - b) The obligation of Delta Dental to make payments for Orthodontics shall terminate on the payment due next following the date the Dependent loses eligibility or the employee loses eligibility, or upon the termination of treatment for any reason prior to completion of the case, or upon termination of the Contract, whichever shall occur first.
 - c) Delta Dental will pay the applicable percentage of the dentist's fee for a standard orthodontic treatment plan involving surgical and/or non-surgical procedures. If the enrollee selects specialized orthodontic appliances or procedures, an allowance will be made for the cost of a standard orthodontic treatment plan and the enrollee is responsible for the remainder of the dentist's fee.
 - d) X-rays and extraction procedures incident to Orthodontics are not covered by Orthodontic Benefits, but may be covered under the provisions of the Contract, subject to all of the terms and provisions thereof.

* If the enrollee is pregnant, Delta Dental will pay for the following additional services per calendar year: one additional oral evaluation and either one additional routine cleaning or one additional periodontal scaling and root planing per quadrant. Written confirmation of the pregnancy must be provided by the enrollee or the dentist when the claim is submitted.

Exclusions

Delta Dental covers a wide variety of dental care expenses, but there are some services for which Delta Dental does not provide benefits. It is important for you to know what these services are before you visit your dentist.

Delta Dental does not provide benefits for:

1. Services for injuries covered by Workers' Compensation or Employer's Liability Laws.
2. Services which are provided to the enrollee by any Federal or State Governmental Agency or are provided without cost to the enrollee by any municipality, county or other political subdivision, except as provided in California Health and Safety Code Section 1373 (a).
3. Services with respect to congenital (hereditary) or developmental (following birth) malformations or cosmetic surgery or dentistry for purely cosmetic reasons, including but not limited to: cleft palate, upper or lower jaw malformations, enamel hypoplasia (lack of development), fluorosis (a type of discoloration of the teeth) and anodontia (congenitally missing teeth).
4. Services for restoring tooth structure lost from wear (abrasion, erosion, attrition, or abfraction), for rebuilding or maintaining chewing surfaces due to teeth out of alignment or occlusion, or for stabilizing the teeth. Examples of such treatment are equilibration and periodontal splinting.
5. Any single procedure, bridge, denture or other prosthodontic service which was started before the enrollee became eligible for such services under this plan.
6. Prescribed drugs, or applied therapeutic drugs, premedication or analgesia.

7. Experimental procedures.
8. Charges by any hospital or other surgical or treatment facility and any additional fees charged by the dentist for treatment in any such facility.
9. Anesthesia, except for general anesthesia and IV sedation given by a licensed dentist for covered oral surgery procedures and select endodontic and periodontic procedures.
10. Grafting tissues from outside the mouth to tissues inside the mouth ("extra-oral grafts").
11. Diagnosis or treatment by any method of any condition related to the temporomandibular (jaw) joints or associated muscles, nerves or tissues.
12. Replacement of existing restoration for any purpose other than active tooth decay.
13. Occlusal guards and complete occlusal adjustment.
14. Charges for replacement or repair of an orthodontic appliance paid in part or in full by this plan.
15. Orthodontic services unless Delta Dental's applicable percentage and an orthodontic maximum are shown on the highlights page of the Evidence of Coverage.

DeltaCare[®] USA Limitations and Exclusions

Limitations

THIS IS ONLY A BRIEF SUMMARY OF THE PLAN. The group dental service contract must be consulted to determine the exact terms and conditions of coverage. Any evidence of coverage booklet will be sent upon enrollment.

1. The frequency of certain benefits is limited. All frequency limitations are listed in the Evidence of Coverage (EOC).
2. If the enrollee accepts a treatment plan from the contract dentist that includes any combination of more than six crowns, bridge pontics and/or bridge retainers, the enrollee may be charged an additional \$100 above the listed copayment for each of these services after the sixth unit has been provided.
3. General anesthesia and/or intravenous sedation/analgesia are limited to treatment by a contracted oral surgeon and in conjunction with an approved referral for the removal of one or more partial or full bony impactions, (Procedures D7230, D7240, and D7241).
4. Benefits provided by a pediatric dentist are limited to children through age seven following an attempt by the assigned contract dentist to treat the child and upon prior authorization by Delta Dental, less applicable copayments. Exceptions for medical conditions, regardless of age limitation, will be considered on an individual basis.
5. The cost to an enrollee receiving orthodontic treatment whose coverage is cancelled or terminated for any reason will be based on the contract orthodontist's usual fee for the treatment plan. The contract orthodontist will prorate the amount for the number of months remaining to complete treatment. The enrollee makes payment directly to the contract orthodontist as arranged.
6. Orthodontic treatment in progress is limited to new DeltaCare USA enrollees who, at the time of their original effective date, are in active treatment started under their previous employer sponsored dental plan as long as they continue to be eligible under the DeltaCare USA program. Active treatment means tooth movement has begun. Enrollees are responsible for all copayments and fees subject to the provisions of their prior dental plan. Delta Dental is financially responsible only for amounts unpaid by the prior dental plan for qualifying orthodontic cases.

Exclusions

1. Any procedure that is not specifically listed in the Evidence of Coverage (EOC).
2. Any procedure that in the professional opinion of the contract dentist:
 - a) has poor prognosis for a successful result and reasonable longevity based on the condition of the tooth or teeth and/or surrounding structures, or
 - b) is inconsistent with generally accepted standards for dentistry.
3. Services solely for cosmetic purposes, with the exception of procedure D9975, external bleaching for home application, per arch, or for conditions that are a result of hereditary or developmental defects, such as cleft palate, upper and lower jaw malformations, congenitally missing teeth and teeth that are discolored or lacking enamel, except for the treatment of newborn children with congenital defects or birth abnormalities.
4. Porcelain crowns, porcelain fused to metal, cast metal or resin with metal type crowns and fixed partial dentures (bridges) for children under 16 years of age.
5. Lost or stolen appliances including, but not limited to, full or partial dentures, space maintainers and crowns and fixed partial dentures (bridges).
6. Procedures, appliances or restoration if the purpose is to change vertical dimension, or to diagnose or treat abnormal conditions of the temporomandibular joint (TMJ).
7. Precious metal for removable appliances, metallic or permanent soft bases for complete dentures, porcelain denture teeth, precision abutments for removable partials or fixed partial dentures (overlays, implants and appliances associated therewith) and personalization and characterization of complete and partial dentures.
8. Implant-supported dental appliances and attachments, implant placement, maintenance, removal and all other services associated with a dental implant.
9. Consultations or other diagnostic services for non-covered benefits.
10. Dental services received from any dental facility other than the assigned contract dentist, a preauthorized dental specialist, or a contract orthodontist except for emergency services as described in the contract and/or Evidence of Coverage (EOC).
11. All related fees for admission, use, or stays in a hospital, out-patient surgery center, extended care facility or other similar care facility.
12. Prescription drugs.
13. Dental expenses incurred in connection with any dental or orthodontic procedure started before the enrollee's eligibility with the DeltaCare USA Program. Examples include: teeth prepared for crowns, root canals in progress, full or partial dentures for which an impression has been taken and orthodontics unless qualified for the orthodontic treatment in progress provision.
14. Lost, stolen or broken orthodontic appliances.
15. Changes in orthodontic treatment necessitated by accident of any kind.
16. Myofunctional and parafunctional appliances and/or therapies.
17. Composite or ceramic brackets, lingual adaption of orthodontic bands and other specialized or cosmetic alternatives to standard fixed and removable orthodontic appliances.
18. Treatment or appliances that are provided by a dentist whose practice specializes in prosthodontic services.
