Delta Dental PPOSM
DeltaCare[®] USA

Why choose Delta Dental¹? It's simple, really.

Employees are a small business owner's greatest investment, and it's difficult to balance protecting employee health and managing a budget. That's why we've specially designed a portfolio of dental plans² to help small businesses meet their benefits goals — simply. We deliver valuable dental benefits at affordable rates, we eliminate complicated benefit administration and we cover more than the bare minimum with rich plan designs and optional features.

The Delta Dental Difference[®]

Our Small Business Program offers rate stability.

We work hard to keep rates consistent year after year.

Our rates don't include hidden fees or set-up charges, so clients know what to expect from enrollment to claims processing.

We specialize in dental benefits. Our rates reflect the true cost of the plan — no cost shifting to other lines of coverage.

We design our portfolio of plans to fit any budget.

We offer the power of choice — contribution, network participation, orthodontics and optional features to suit any benefits strategy.

Plan options, such as PPO plus Premier or voluntary coverage, are attractive for employers and employees alike.

Our plans are easy-to-use and designed to fit any budget — employers can offer quality dental benefits at an affordable cost.

We keep it simple — from claims to customer service.

Our industry-leading³ dentist networks make it easy to find network savings.

Our enrollee Online Services offer self-service tools that can answer questions, so small business owners don't have to.

We have dedicated customer service lines, with live representatives to assist enrollees.

We are fast and accurate. Our dental-specific IT platforms process claims with more than 99% accuracy.⁴

Smiles: A new return on investment

If employees are a small business owner's greatest investment, protecting their smiles could be good for business, since good dental health could mean less expensive dentist visits and missed time at work.¹ But we don't stop at healthy — we've got small businesses covered with key plan features that also make employees happy, which could help in attracting top talent.

Stand-out features and options²

Delta Dental PPO

Our open network plans combine access with affordability — enrollees can visit any licensed dentist, but usually save the most when visiting a PPO dentist. Plus, most plans also include a choice of attractive options and features, like:

Flexible Plans

We offer small groups options to choose from — like orthodontic coverage, calendar year deductibles, calendar year maximums and rate tiers — to help create a benefits package for every objective.

PPO plus Premier

This feature provides additional network cost protections with our Delta Dental Premier[®] network. Protections include no unbundling of services or billing above the contracted fee; however, enrollees will usually pay less when visiting a PPO dentist.

D&P Maximum Waiver[®] Option

Many of our PPO plans offer our D&P Maximum Waiver option, which waives the annual maximum for diagnostic and preventive care, and could help encourage regular dentist visits.

DeltaCare USA

Our copay plans combine convenience with affordability — no deductibles, maximums or claims forms to keep track of. Enrollees pay predefined copayments and we handle the rest. Features include:

No Surprise Costs

Clearly set copayments eliminate surprise out-of-pocket costs, and there are no hidden fees to worry about.

Ease of Use

Enrollees visit their assigned DeltaCare USA dentist for all general care. If they require specialty care, their DeltaCare USA dentist will coordinate referrals.

Orthodontic Treatment-in-Progress Provision

We offer a unique provision that allows patients to continue active treatment³ with their orthodontist — even if they are not in our provider network.

Get the best of both with Dual Choice

Want the best of both worlds? Clients who meet program guidelines (see page 9-10 for details) can choose to offer both a PPO and DeltaCare USA plan to their enrollees, offering a choice of network access and affordability in one great benefits package.

¹ Morpace, Inc. conducted the Delta Dental Oral Health and Well-Being Survey on behalf of Delta Dental with 1,003 consumers across the United States, 2014.

² Features and options listed may vary by plan. Please contact your general agent or Delta Dental sales representative for complete information.

³ Active treatment means tooth movement has begun. Enrollees are responsible for all copayments and fees under their prior dental plan.
