

Life is Hard. Ancillary Doesn't Have To Be.

We don't believe in complicated. That's why we're easy — rather, we make benefits easy for you and your clients. With zero and low rate changes, personalized customer service and a cutting-edge platform for all your ancillary administration needs, CoPower combines exceptional plans and service to simplify your life (because when your clients are happy, you're happy).

Reliable and Affordable? Count on Us.

Give your clients the reliability they can count on with CoPower's full-rated renewals. Our diverse portfolio of products provides a variety of customizable solutions designed to meet the needs of every client, with attractive rates to match! Regardless of group size, your clients will benefit from our stable, pool-rated renewals.

Our 2018 products for new groups feature a rate pass, which includes a two-year rate guarantee for most carriers.

- The majority of our plans have less than a 2% rate increase for 2018
- Delta Dental of California and VSP rates have remained unchanged for three years in a row
- MetLife's pooled rates through CoPower provide exceptional new group rates

When it comes to reliability, you can count on us to deliver.
